Determining how your legislator voted on a bill

2. Select “Bill Status Actions” under “Choose an inquiry type” and enter your bill number in Send me to Measure No. (9999) and click on “Submit.”

3. Identify where a Second reading and vote is indicated on the list of actions. Note the journal page by the action and click on it. In the example below it is “SJ 238.”
4. Scroll down to the journal page that you noted in Step 3 and you can see how either the Senators or the Representatives voted on the bill you are looking up.
