

Hazen Elementary
-3rd Miss. Aichele's class
Lily VanDyke

I think Hazen is a good community because there aren't too many people but not too little so, there it's easier to make friends. Also there are a lot of nice people. Hazen also doesn't have much litter. We have good schools and parks. You can walk to other places easier and not have a big risk of getting kidnapped or hurt like in big places. I think Hazen is a comfortable place to live and a really pretty place.

If I was mayor I would make a pet store and a place to be while their owners are gone. I would also make a park that isn't a playground. I'd make a recycling center. Also an indoor pool. I would make another church. I would make a frozen yogurt place. I would get a small zoo. I would get a tiny carnival. I think Hazen would be even more enjoyable with some new things.
